Beef Australia 2009

Every three years beef producers, breeders and industry stakeholders converge on the beef capital of Rockhampton, Queensland to participate in Australia's National Beef Exposition.

Beef Australia 2009, featuring the nation's largest stud, carcase and commercial cattle competitions, will be staged 5 May to 9 May 2009 in Rockhampton Queensland.

The Expo welcomes hundreds of international visitors who come to see for themselves how Australia consistently produces world class beef. Domestic and International exhibitors at Beef Australia also showcase the latest industry innovations from genetics to live cattle and handling equipment to cattle management software.

There are plenty of opportunities to sample great beef all week through a series of dinners, restaurants and cooking displays that highlight the versatility and great taste of beef.
